

Texas SAR Monument Project

The 250th Anniversary monument is installed at the Texas State Cemetery in Austin! Photos of the beautiful monument are included below. Dedication is scheduled for April 17, 2026 in the cemetery, your attendance is welcome.

So many compatriots and chapters, and other organizations, including the George Washington Endowment Fund and the Daughters of the Republic of Texas have been generous in their contributions to make this happen!

As of mid-October, we have about \$10,500 in our bank account, with a couple thousand more in outstanding pledges. Our budget for the dedication ceremony is a bit higher than originally expected as we now anticipate a very large crowd for this event, and need to accommodate more attendees with transportation, tent coverage and chairs.

We appreciate your continued generosity.
