

The DAR American Revolution Experience Traveling Exhibit

From an award-winning website to an in-demand pop-up exhibition, the *American Revolution Experience*, a collaborative project of the American

Battlefield Trust and the Daughters of the American Revolution is beginning a new phase in its quest to connect modern audiences with the fascinating story of our nation's origin. The *American Revolution Experience* will travel to scores of libraries,

places they visited on their journey.

This innovative pop-up exhibition includes display panels and interactive digital kiosks that use storytelling, illustration, technology and unique artifacts and primary accounts to connect modern audiences with the people and places that shaped the birth of our nation.

The exhibit traveled to Brenham where it was installed in the Barnhill Center on Main Street. The exhibit is sponsored by the Captain Jabez DAR Chapter in Brenham, Texas.

SAR MENTOR PROGRAM

Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored, but she or he must have a certain area of expertise. It is a learning and development partnership between someone with vast experience and someone who wants to learn.^[1] Mentorship experience and relationship structure affect the "amount of psychosocial support, career guidance, role modeling, and communication that occurs in the mentoring relationships in which the protégés and mentors engaged.

It is recommended that chapters establish a formal mentorship program where the mentors receive instruction/training prior to being assigned to assist new members. In addition, the new member should be introduced to his member and encouraged to use him as a resource. This introduction should take place when the chapter is informed the new member is registered at National; it need not wait until the installation ceremony. Ideally, the mentor relationship will continue a minimum of 4 years.

The mentor program is only one retention tool and should be used in conjunction with a formal welcome and introduction to the chapter along with an on-going sense of welcome and inclusion by the chapter's officers.
